Invisalign® clear aligners can treat most mild to moderate orthodontic problems such as crowded teeth, overbites/underbites or gaps, however, not everyone will make a good candidate for Invisalign® clear aligner treatment. Consulting with Dr. Lisa will help you get an idea if clear aligners are suitable for your situation.

The above offers are available for a limited time. Please mention or provide this voucher when scheduling your free consultation with our office.

Offers are valid on complete/comprehensive Invisalign® treatment only. Other restrictions may apply. Please check with our office for details.

* An additional 2% will be added to the above prices for Minnesota Care tax
